

## Introduction

Welcome, my name is Hope and I'm about to tell you about the magic of Easter and creating Easter themed fairy gardens. My friends and I are gifted each year at Easter and sometimes the children who receive us have never heard of fairy gardens before. They believe in the magic and beauty of fairies, but they don't know about all the majestic possibilities. In this book that my friend Teelie Turner wrote about me, you'll learn how I was able to help a little girl named Kiara to create an amazing Easter fairy garden one Easter morning.
